Print fast and finish strong.

Reliable performance—from a fast start to a beautiful finish.

The Savin MLP175n prints your documents at an impressive 75 pages per minute, keeping pace with demanding work environments. And when the pressure's on to deliver high-volume, high-priority jobs, the 8,200 total sheet capacity and versatile finishing options deliver professional-looking documents on time, every time.

Volume and versatility in one.

Print high-volume jobs quickly and without interruption thanks to five different easy-access paper trays and an 8,200-sheet capacity. But the Savin MLP175n is also flexible enough to handle everything from 5.5" x 8.5" to 11" x 17" sheets on up to 100 lb. Index with the optional large capacity tray. And the straight, paper path provides further uninterrupted printing.

Timesaving tools.

The Savin MLP175n gives you all the capabilities you need to manage workflow and maximize productivity—right from your desktop.

- Configure network settings, check printer status and select printer options remotely via any standard Web browser with WebImageMonitor™.
- Manage your files, create notes or combine documents from different applications into a single file for easy printing with DeskTopBinder™.
- Eliminate constant trips to the printer and provide document security by using Hold Print to store all your jobs for on-demand output release when you walk up to the printer.
- Store frequently printed documents and forms on the system for printing at your convenience with Stored Print.
- Print duplex copies at nearly 100% of simplex speed with standard stackless duplexing.
- Get your documents faster with PDF Direct Print, which sends compressed files directly to the printer in PDF format without opening the application.

The finishing advantage.

In today's competitive business environment, professional-looking documents can give you a definite advantage. Whether it's proposals or manuals or informational booklets, the Savin MLP175n's optional finishers give you a wide array of automatic capabilities to do your jobs right.

- Create affordable manuals in-house with the Saddle Stitch Finisher.
- Punch holes in precisely the right spot using the Reactive Punch Unit, which automatically and correctly positions paper prior to punching.
- Staple up to 100 sheets easily with the SR842 Stapler Finisher.
- Insert thick-stock covers automatically with the Cover Interposer.

Cover Interposer allows users to add preprinted covers and inserts to documents.

Patrol Lamp provides a clear visual that the system is working.

4,200-sheet large capacity tray extends paper capacity for further uninterrupted printing.

The optional Saddle Stitch Finisher creates professional-style booklets in-house.

Easy-pull-out trays are accessible from the top or bottom.

Fast, secure processing.

Process multiple jobs in networked environments in no time with the Savin MLP175n's next-generation controller. Not only is the 866MHz controller super fast, but it delivers enhanced security features as well.

- Ensure that sensitive prints aren't left in output trays with Locked Print, which requires a password to be entered at the printer prior to printing confidential materials.
- Keep login passwords and address book information secure while printing through the network with Encryption capabilities.

Connect and go.

Standard Ethernet 10/100base TX and USB 2.0 interfaces make networking easy. And the latest Page Description Languages make working with today's popular business and graphics applications effortless, too.

Keep your projects moving and make a great impression with the Savin MLP175n Laser Printer. Get all the details from your Savin dealer, today.

Your Environmental Partner

Savin continues its long-standing commitment to developing a full line of environmentally friendly office solutions with superior energy and supply-saving features, including:

- Power-Saving Sleep Mode
- Paper-Saving Duplex Mode
- Toner Recycling Mechanism
- Low Noise Levels
- Minimal Ozone Emissions
- Restriction of Hazardous Substances Compliant (RoHS)

MAIN UNIT

Configuration	Console-type attached base unit
Technology	Twin laser beam scanning & Electro-photographic printing with dry, dual Component toner
Resolution	1200 x 1200/600 x 600/300 x 300
Print Speed	75 ppm (LT)
First Print Speed	5.5 seconds or less
Dimensions (WxDxH)	27.1" x 31.1" x 39.5" (without finisher & call-light)
Weight	414.4 lbs. (without toner & finisher)
Warm Up Time	300 seconds
Power Source	120V/60Hz/20A
Power Consumption	1850W or less
Standard Paper Capacity	4,200 sheets
Optional Paper Capacity	4,000 sheets
Maximum Capacity	8,200 sheets
Acceptable Paper Sizes	Standard Trays: Tray 1: 8.5" x 11" (A4) Tray 2 and Tray 3 Standard sizes: 5.5" x 8.5", 8.5" x 11", 7.25" x 10.5", 8" x 10.5", 8" x 13, 8.5" x 14" and 11" x 17" Tray 2 and Tray 3 Custom sizes from 5.5" x 5.5" to 11.69" x 17"
Standard Acceptable Paper Weights	16 lb. Bond - 34 lb. Bond (60 - 128g/m ²)
Duplex Paper Weight	20 lb. Bond - 34 lb. Bond (64 - 128g/m ²)
Standard Output Capacity	500 sheets (face down)
Optional Output Capacity	3,000 sheets
Automatic Duplexing	Standard

Savin Consumables: For maximum yield and performance, we recommend using genuine Savin parts and supplies.

CONTROLLER SPECIFICATIONS

CPU	866 MHz
Printer Languages	PCL 5e/6 emulation, Adobe PostScript3, PDF, RPCS
Memory (RAM)	256 MB
Standard Interfaces	USB 2.0, 100Base-TX/10Base-T Ethernet
Optional Interfaces	IEEE 1284, IEEE802.11b, Gigabit Ethernet
Network Protocols	TCP/IP, IPX/SPX, AppleTalk
Standard Print Utilities	SmartDeviceMonitor for Admin, Printer Utility for Mac, DesktopBinder Lite, Font Manager 2000
Optional Print Utilities	DeskTopBinder Professional

DRIVERS/OPERATING SYSTEMS

Windows 95/98SE/NT4.0/2000/Me/XP/Server 2003
Netware 3.12, 3.2, 4.1, 4.11,5.0, 5.1, 6
Unix (using Savin UNIX filter)
Linux RedHat Linux 6.x, 7.x, 8.x, 9, and Enterprise
Mac OS 8.6 - 9.2x, OS X 10.1 or later
USB print is supported for Mac OS X v.10.3.3 or later
For Mac OS: Plug-in function for Sample Print, Locked Print and User Code is supported 10.2 or later

CONTROLLER OPTIONS

Controller Options	802.11b Interface Unit Type I Gigabit Ethernet Board Type A IEEE1284 Interface Board Type A Data Overwrite Security Unit Type G VM Card Type D*
